PREFACE

This web site information has been prepared to acquaint you prior to your arrival at The American Legion Tar Heel Boys State program held at Catawba College. This document outlines The American Legion Tar Heel Boys State program — in broad terms how the program is structured, what we, The American Legion, expect from you, what will be offered to you, and what is provided to enable you a better understanding of our form of government.

The goal of the staff is to educate and train you, a leader of tomorrow, in understanding one of this country's most precious freedoms: the democratic form of government. It is hoped that you will use the knowledge gained from this information to take an active role in the Tar Heel Boys State program.

Upon finishing The American Legion Tar Heel Boys State program, you will join highly respected alumni of over 30,000 plus. Among the ranks are former and present Governors and Senators from North Carolina, judges, lawyers, educators, professional men, military leaders, and numerous state and local government officials. Many of these individuals credit their success, in part, to the experiences they gained from attending the American Legion Tar Heel Boys State program.

Please review the information contained in this manual with your parents. Many questions that both you and your parents may have about The American Legion Tar Heel Boys State program will be answered.

What Is The American Legion Tar Heel Boys State?

It is a week of individual participation and ROLE PLAYING in the operation of our Democratic form of government, the organization of a political party and the practical application of the knowledge gained from both.

During your week at The American Legion Tar Heel Boys State, you will learn many facets of the political system; from electing a Mayor to drawing up a platform, and selecting nominees for Governor of The American Legion Tar Heel Boys State.

You will learn how government operates on a city level, county level, and state level as well as the duties of the offices associated with each level.

Opportunities will be available to broaden your skills by attending special training sessions of law, leadership, speech writing and presentation, and legislature; conducted by selected members of The American Legion Tar Heel Boys State Staff.

What Is The American Legion?

The American Legion is the largest and fastest growing veteran's service organization in the world, with a membership of over 2.7 million members in the 50 United States and 7 foreign countries.

All members of The American Legion are honorably discharged men and women who served their country on active duty in the Armed Forces of the United States during the periods of World War I, World War II, Korea, Viet Nam, Grenada, Lebanon, Panama, Desert Storm and the War on Terrorism either at military bases in the United States or overseas.

The American Legion was the originator and author of the GI Bill of Rights, which has benefited millions of ex-servicemen and women since its passage in 1944.

More recently, The American Legion was the largest single contributor to the building of the WWII and Viet Nam Veteran's Memorial in Washington, D.C. with over 1.5 million dollars donated by our members and departments to the Viet Nam Veteran's Memorial project as an example.

Since the founding of The American Legion in 1919, this organization has been a moving force in the area of fair treatment of the nation's veterans, their wives and children, and especially the disabled veterans.

The American Legion has conducted programs for many years, which have been designed to benefit the youth of our nation. Notable among these programs are The American Legion Baseball, The American Legion Boys State Program, The American Legion High School Oratorical Contest, The American Legion School Awards Program, and The American Legion Americanism and Government test. We are the 2nd largest sponsor of Boy Scout Troops in the Nation.

The American Legion founded the Boys State program in 1935 and since that time The American Legion Boys State Program, regardless of what state conducts it, remains one of the premier youth programs in the nation today.

The American Legion Department of North Carolina, which conducts The American Legion Tar Heel Boys State Program, is one of the departments in The American Legion organization with a membership of over 40,000 members who belong to the American Legion Posts throughout the state.

The National Headquarters of The American Legion is located in Indianapolis and serves as the main office of the National Commander of The American Legion.

The theme of The American Legion is "Still Serving America."

History of The American Legion Boys State Program

The creation of the concept of the Boys State program is credited to Mr. Hayes Kennedy, who in 1935 was a teacher at the Loyola University Law School in Chicago and Americanism Chairman of the Illinois Department of The American Legion.

Mr. Kennedy was concerned about a project underway by the Communist Party to show the uselessness of Democracy and advocated the virtues of the Communist System. Mr. Kennedy felt that a counter movement should be started among the ranks of the nation's youth to stress the importance and value of our Democratic form of Government, and to maintain an effort to preserve it.

The Illinois Department of The American Legion approved Mr. Kennedy's project and in June 1935 the very first Boys State in the nation was held on the Illinois State Fairgrounds.

From that beginning in Illinois in 1935, the program swiftly spread among other American Legion Departments. By 1941, 34 states were conducting a "Boys State" program. Today, The American Legion conducts a Boys State program in 49 states and the District of Columbia. Hawaii is the only state that does not have a Boys State program.

The American Legion Tar Heel Boys State Staff

The Staff of The American Legion Tar Heel Boys State is comprised of highly motivated and qualified individuals, who work with one goal in mind: to make your week at The American Legion Tar Heel Boys State one of the most rewarding, educational and worthwhile weeks of your life, one which you will remember for many years to come, and one which, in some small way, may assist you as you pursue whatever career in life you choose to follow.

Reflective of the value of The American Legion Tar Heel Boys State program is the fact that many of the Boys State staff members you will meet during the week are former Tar Heel Boys State Alumni themselves, who devote one week during the summer to the program, taking time out from their own careers and vacations to do so.

ALL THE AMERICAN LEGION TAR HEEL BOYS STATE STAFF, including the Director, are volunteers. The staff of The American Legion Tar Heel Boys State is always available to assist and you should never hesitate to approach any member of the Boys State staff if a question or problem arises.

The American Legion Tar Heel Boys State staff offices will be found in the Hurley room in the Cannon Student Center on the Catawba College Campus.

The American Creed by William Tyler Page

"I Believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes."

"I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

The American Legion Boys Nation follows the national political

process and culminates its program with the election of the President of Boys Nation. The American Legion Boys Nation program is conducted at Marymount College, Arlington, Virginia.

“Will anybody deny now that the Government in Washington, as regards its own people, is the strongest Government in the world at this hour and for this simple reason: that it is based on the will, and the good will of an instructed people.”

John Bright

There are several other awards that are given out during the graduation ceremony. These awards include several legislation awards, the Rex ‘Tiger’ Tillotson award, and several Judicial awards. These awards are given out based on evaluations of the counselors throughout the week.

The American Legion Tar Heel Boys State Talent Show

The American Legion Tar Heel Boys State wishes to include talents and abilities into your Boys State experience. The Boys State Talent Show features acts ranging from hard rock drum solos to stand up comedy acts. All citizens are welcome and encouraged to audition. These programs are for interested and dedicated citizens. You will find that participation in these programs adds to your overall Boys State experience.

The American Legion Tar Heel Boys State Newspaper

Tar Heel Boys State publishes a daily newspaper, The THBS Daily, for all Boys State citizens and staff. We like to have at least one reporter from each city that can do stories daily for the newspaper. There will be a lead editor chosen. There is a THBS staff member that acts as the executive editor before the newspaper goes to print each night. Like all other segments of the Boys State program, the THBS Daily is a "hands on" learning environment under the guidance of trained staff members and will also utilize other facets of social media to promote the Boys State program. Boys State citizen with school newspaper, yearbook, sports reporting, or other journalism experience are encouraged to make application to join the staff of the newspaper.

Athletics

Supervised athletics will be scheduled as time permits. Participation in these events or use of the Catawba College athletic facilities is at the discretion of The American Legion Tar Heel Boys State Staff. If personal sports equipment is brought to Boys State, the citizen will assume full responsibility during his week at Boys State. Please indicate on the Afternoon Athletics form which activity you want to participate in. You are REQUIRED to participate in at least one activity every day of the week.

There are other programs during the afternoon activity period that many choose to participate in. We have the Tar Heel Boys State Band and the Tar Heel Boys State Chorus. We also have a Moot Court program for those who are interested in practicing law at Boys State and the Oratorical Contest. The Oratorical contest will have three days to prepare speeches to recite and be judged by members of staff. The winner of the Oratorical contest will be announced during graduation.

Candidate for Political Office

As part of The American Legion Tar Heel Boys State program, you are encouraged to run for a political office, but some restraint is asked in your decision.

You may run for any of The American Legion Tar Heel Boys State offices, but it is suggested that you limit yourself to holding one office in each of the following categories: one State office, one County office, one position in the General Assembly, one City office.

This suggestion is made in the interest of fairness to you and the other young men who will be with you at The American Legion Tar Heel Boys State program. If you choose to run for different city offices and are elected to all, there would be no way you could fulfill the duties of each office, thereby failing to serve the constituents who elected you and defeating the intent of The American Legion Tar Heel Boys State program. You will be required to vacate all previous elected offices before being added to the ballot for another position. Your counselors will have a form that indicates which offices you can run for based on offices that you may already hold

What Office Can I run for?

The political offices that you can run for at The American Legion Tar Heel Boys State runs the full gamut of offices found within North Carolina's government. The American Legion Tar Heel Boys State election process consists of a county ballot and a state ballot. All county and state elections are held on-line and results are announced as soon as all have been tallied.

Any citizen that wishes to run for Attorney General or any seat on the Supreme Court MUST participate in the Moot Court program and MUST pass the Bar Exam given by the Judicial Coordinator.

Candidates for the State Offices of The American Legion Tar Heel Boys State are selected through a Party Convention.

Some offices you can run for at The American Legion Tar Heel Boys State are:

- City: Mayor, Chief of Police, City Manager, and City Councilman
- County: State Senate, County Commissioners, Clerk of Court, District Attorney, Treasurer, County Judge, Sheriff, and School Board
- State: Governor, Lt. Governor, Secretary of State, Attorney General, State Treasurer, Commissioner of Agriculture, Commissioner of Labor, Commissioner of Insurance, State Auditor, Superintendent of Public Instruction, State House and Seven members of the Supreme Court.

These are the elective offices of The American Legion Tar Heel Boys State. *The Governor will appoint his Cabinet.* The cabinet will be confirmed by the Supreme Court.

If you plan to run for a state position, you will be required to file an Intent to Run form with the Boys State Board of Elections. You will also have to collect campaign funds from your fellow citizens to be eligible to take your parties nomination during the State Party Convention on Tuesday. ****Filing fees are paid in Boys State monies, not real money.***

Government

The Government team has two weeklong focuses. Executive Commissions of cities and counties turn out position papers. These are short write-ups that explain the groups' consensus opinion in relation to problematic issues ranging from health care, education, and resource management to crime. The emphasis is to give the citizens extra opportunities to discuss timely issues in a format that is conducive to making candidates more genuinely grounded in the politics of our State.

The other focus of the Government team is to provide the framework for the Governor's executive boards. Example boards are — Labor, Treasury and Education — which advise the Governor on general legislation. The Government Team also runs the gubernatorial debate as well as oversees all elections.

Judicial System

As part of your Boys State experience, you will be able to participate in the judicial system. The purpose of this program is to show how the state system runs, as well as to allow citizens to get hands-on experience. The Judicial System encompasses a wide range of positions including attorneys and Supreme Court Justices. Even if you do not serve in any of the capacities listed, it is still more than likely that you will encounter the Judicial System during the week. This could be by serving on jury duty or being arrested for violating an ordinance. Working with the Judicial System can be fun, exciting and educational. You are required to work in the Moot Court program throughout the week if you are going to run for any Judicial position, including the Supreme Court.

Legislative

Comprised of the Senate and House of Representatives, the legislative program involves heated debate over bills; fierce partisan battles and fights for the interests of constituents; all to decide the laws of The American Legion Tar Heel Boys State. Citizens elected in their cities and counties will work in general session selecting bills to be presented to the Governor for his signature or veto.

Bills are the backbone of the legislative process. In order to make this process as exciting and controversial as possible, citizens are asked to bring information, ideas and drafts of bills dealing with current issues in the State of North Carolina. You are required to create a bill prior to arriving at Boys State. This will need to be turned in at registration. Information can be found on the website on how to create your bill.

Political Party Organization

The mythical 51st State of the union, The American Legion Tar Heel Boys State is divided into two political parties, the Federalist and the Nationalist. By the time you register at Boys State, you will have been placed in one of these parties.

The American Legion Tar Heel Boys State is made up of multiple cities. Each city consists of young men who have just finished their Junior year in High School. Each city is named after a Governor of North Carolina.

Three American Legion Tar Heel Boys State cities form an American Legion Tar Heel Boys State county, so there are up to four counties in the Boys State.

One Nationalist and one Federalist will be selected for their respective county, constituting the party's State Platform Committee. Then each party's State Committee will elect a Party Platform Chairman. The Party Platform Committee will write a platform to represent the party. This platform will be debated on in the State Party Convention and presented to the delegation so every person has the opportunity to vote for the party they want as their next leadership for Boys State.

Candidates for State Office, including Governor of The American Legion Tar Heel Boys State, are nominated at the State Convention.

Learning the Political Process

While attending The American Legion Tar Heel Boys State, your introduction and instructions in the Political Process will be a progressive system; so that the knowledge you gain at one level progresses you toward the next level of participation. You will learn about our Judicial System, Legislative Processes, Political Parties, Government and special programs in addition to other subjects far too numerous to cover here in detail.

Political Parties

Another part of your American Legion Tar Heel Boys State experience will be participation in one of two political parties. Each citizen is randomly placed in one of two opposing political parties. Because there is no way to accommodate everyone's political beliefs, ROLE-PLAYING will be a key element. Due to limited time, one week, we must stick with the two party systems. Again, this is simply ROLE-PLAYING and has nothing to do with your personal political beliefs. Within each party, each citizen will have numerous opportunities to become involved. Opportunities include, for example, State Party Chair, Party Secretary, Platform Committee, and their Chairs to name a few. Finally, citizens have the opportunity to become an active, voting member of their party, a position that is crucial to the success of each party.

Political Conventions

As part of The American Legion Tar Heel Boys State political experience, you will participate in your political party's rally to nominate the candidates for state offices.

The Party conventions at The American Legion Tar Heel Boys State are based on North Carolina Political Party Conventions and will operate in the same manner and procedure as will be found at these real party conventions.

The Boys State Conventions will adopt a Party Platform representing the goals and ideas of your political party and establish convention credentials.

As a Boys State Citizen you may have several opportunities to become active in the party convention process. The value of the party conventions at The American Legion Tar Heel Boys State, just as with the rest of the program, is all the preparation, organization, and participation the Boys State citizens do themselves. The American Legion Tar Heel Boys State staff will work with you to instruct and guide you, but each Boy State citizen will do the actual work.

State Party Chairman

One of the most influential members of a Boys State political party and the one individual who can influence the success or failure of his party at The American Legion Tar Heel Boys State polls is the STATE PARTY CHAIRMAN.

The State Party Chairman is traditionally elected from within the ranks of the Political Party. The State Chairman has to concern himself with organizing the votes of his party into an effective voting body, working with the other members of the State Party in trying to find and develop what they believe to be strong candidates for the elective offices of Boys State, and also trying to convince the voters of the other Boys State political party to vote for his party's candidates. The State Party Chairman will preside at all meetings of the State Party.

The position of State Party Chairman could lend itself to a choice appointment on the Staff of the Governor of Boys State or the state organization, thereby increasing the political power of the State Party Chairman to an even greater degree.

The American Legion Tar Heel Boys State Gubernatorial Debate

The American Legion Tar Heel Boys State attempts, as part of the learning process into North Carolina politics and government, to mirror the real North Carolina political structure and environment.

In the spectrum of a North Carolina political campaign, the two major party candidates seeking the office of Governor will debate each other on the issues and philosophies of their respective campaigns. The debate between the two Boys State Governor candidates will be held prior to the opening of The American Legion Tar Heel Boys State polls for the General Election. A member of The American Legion Tar Heel Boys State staff will moderate the debate, so that the voters may see and hear for themselves where each candidate for Governor stands on issues affecting the Governor's race. This helps prepare the voters to make an intelligent decision on whom to vote for when they cast their ballots.
